

Notes From School

MAY 2, 2010

Veronica Ford of St. Mary's Springs High School Academy in Fond du Lac, was awarded a college scholarship from SuperSibs, a non-profit organization that supports, honors and recognizes brothers and sisters of children with cancer. Ford's sister, Lydia, was diagnosed with neuroblastoma in 2008. Veronica Ford wrote an essay about how her sister's battle with cancer has impacted her life and changed the way she looks at life and influences her daily and long-term decisions. Her scholarship is valued at \$1,000. Veronica Ford will use the scholarship to attend Franciscan University in Stuebenville, Ohio, where she plans to pursue a degree in Spanish.
